Paraphrase: SB1185, by Sen. Lonnie Paxton, R-Tuttle, creates the Oklahoma Industrial Hemp Agricultural Pilot Program Act and provides legislative intent and defines related terms. The bill creates a pathway for registered persons to engage in the growth and cultivation of industrial hemp. It also allows for its sale under the pilot program. It prescribes a manner of registration for individuals wishing to grow and cultivate hemp. It requires a valid registration to be active for one year. The bill requires the Department of Agriculture, Food and Forestry to administer an industrial hemp grant research program so that institutions of higher education may conduct research, including but not limited to developing or recreating strains of industrial hemp best suited for Oklahoma growing conditions. It allows an institution of higher education that conducts industrial hemp research to accept seed varieties that are approved by the Department. It also allows the institution of higher education to work with private industrial hemp developers and other stakeholders to conduct research, including development of Oklahoma Heritage Hemp Seed. The bill directs the department to collect an additional fee from each registrant for the purpose of funding this research and certification program. It directs the fees collected to be deposited in the Industrial Hemp Research Grant Revolving Fund. It allows the department to solicit, apply for, and accept monies from other sources for the grant program. The bill requires registrants to file a pre-planting report form approved by the department. It outlines the specifics of that report. The bill specifies harvesting procedures. The bill makes all registrations subject to routine inspection and sampling to verify that the delta-9 tetrahydrocannabinol concentration of the plants planted does not 0.3% on a dry weight basis. It directs the department to notify each registrant of the scope and process by which inspections will be conducted within seven days to set a date and time. It authorizes the department to take samples during normal business hours without advance notice if there is reason to believe a violation of this act may be occurring. The bill creates the Industrial Hemp Registration Program Revolving Fund. The bill authorizes the department to suspend, deny, or revoke registration for violations and providing a guideline for penalties. 11/1/2018

Paraphrase: SB1209, by Sen. Josh Brecheen, R-Coalgate, prohibits any physician participating in the performance of an abortion from obtaining or renewing a license to practice medicine in this state. It directs the State Board of Medical Licensure and Supervision to revoke the license of an allopathic physician performing an abortion in this state. It also directs the State Board of Osteopathic Examiners to revoke the license of an osteopathic physician performing an abortion in this state. It prohibits persons from performing or inducing an abortion upon a pregnant woman with an intention other than to increase the probability of a live birth, to preserve the life or health of the child after live birth, to remove an ectopic pregnancy or to remove a dead unborn child who died as the result of a spontaneous miscarriage, accidental trauma or a criminal assault on the pregnant female or her unborn child.
